

Company Bicharracos with: "Mariquilla la valiente" (The brave Mariquilla)

"Mariquilla, la valiente" is a free adaption of the classic "Juan sin miedo" (John without fear), in which our protagonist makes a fantastic journey to search for adventures which let her feel what she don't have: the fear.

Throughout this funny story Mariquilla meets a bragging cat, a stuttering ghost, a half-blind wolf and other persons which bring young and old to laughter. They show us, how they can overcome the fear with the humour, the fantasy and the gullibility.
